

PENINSULA PRODUCTS

3014 W. Palmira Ave. Suite 200
Tampa, Florida 33629

Owner of Easy-Spred® for Mortar, Grout and Plaster

To Whom It May Concern:

Peninsula Products, Inc. certifies that Easy-Spred® is a code accepted admixture. ASTM C 926 explicitly recognizes the use of admixtures in the following sections:

Section 3.2.2 "Terminology"

Section 4.6 "Admixtures"

Section 6.1.7 "Proportioning of Admixtures"

Sections A2.5 and A2.5.1 "Proportioning and Quantity"

Section X1.1.3 "Plasticizers"

Easy-Spred® is defined under the acceptance criteria of the International Building Code as an admixture approved for use in all seismic zones and in cementitious finish coats. Peninsula Products, Inc. offers directions regarding recommended dosage rates and proportioning when used in combination with those materials listed in ASTM C 926 "Table 3". When used in appropriate combination with those materials, the resulting mixture complies with ASTM C 926.

Easy-Spred® may also be combined with Portland cement and other cementitious materials (i.e. fly ash) to produce a "Plastic (Stucco) Cement" as defined by ASTM C 1328 and listed in ASTM C 926 "Table 3".

Respectfully,

Darby J Meadowcroft
Vice President
